<sup>2</sup> Sacramento Covered also has contracts with most of the private health systems to provide CHWs in hospital and clinic settings throughout the community.

<sup>3</sup> While the Pathways program (Whole Person Care) is not limited to City residents, the majority of referral partners are either City entities or health facilities located in the City of Sacramento. Number of CHWs shown is based on contract; however, some CHWs play multiple rolls in the program and may not be fully dedicated to street outreach.
